In order for you to get the most out of your training, if at all possible, please complete the 360 and the Learning Plan assignments prior to attending your first class.

- **The 360 assignment.** Your manager, your peers, your subordinates, and you will receive a survey via email with a link that will allow you and them to provide feedback about your work performance. You will receive your personalized feedback report on the second day of Principles of Leadership Excellence 1.

- **Learning Plan Assignment.** You will need to begin writing a Learning Plan. In your plan, you’ll set learning goals that will help you focus on issues that are particularly relevant to your job.

Click back to the Welcome! Page. Click Skill Development, and then click Access Intersession and Intermodule Work.

When you click a module, you will have detailed instructions for the work to do, and in some cases, links for webinars or other sites you need to visit for the work.

Click the Module prior to the one you are attending. For example, if you are attending Module 3, click Module 2. Scroll down in that module to view Intermodule Work and complete the assignment before coming to class. From there, you may click the module you are attending (ex – Module 4), to view the necessary prework between Day 1 or 2 of the module (Intersession Work).
