

Generations in the Workplace

Discussion & Reflection Guide

This Discussion & Reflection Guide serves as a tool to reflect on the information shared in the podcast, and to help continue the conversation between managers and interns.

1. Was there one piece of the podcast that stood out to you?
2. What's one skill that you (the intern) bring to our team that you think could help our team? Is there a project that could help embrace that skill and help our team out?
3. Is there someone in the workplace that is a different generation that you'd like to meet and hear their perspective? Is there someone I can make an introduction to that you haven't met already?
4. Do you find it is easier to communicate effectively with others from your own generation or those from an older or younger generation? Why do you think this is the case? What's the best way for us to communicate?
